Some One's Servant Girl.

She stood there leaning wearily
Against the window frame,
Her face was patient, sad and sweet,
Her garments coarse and plain.
"Who is she, pray?" I asked a friend;
The red lips gave a curl—
"Really I don't know her name;
She's some one's servant girl."

Again I saw her on the street,
With burden trudged along,
Her face was sweet and patient still,
Amid the jostling throng;
Slowly but cheerfully she moved,
Guarding with watchful care
A market basket much too large
For her slight hands to bear.

A man, I'd thought a gentleman,
Went pushing rudely by,
Sweeping the basket from her hands,
But turning not his eye;
For there was no necessity,
Amid that busy whirl,
For him to be a gentleman
To some one's servant girl.

Ah! well it is that God above
Looks in upon the heart,
And never judges any one
By just the outer part.
For if the soul be pure and good,
He will not mind the rest,
Nor question what the garments were
In which the form was dressed.

And many a man, and woman fair,
By fortune reared and fed,
Who will not mingle here below
With those who earn their bread,
When they have passed away from life,
Beyond the gates of pearl,
Will meet before their Father's throne
With many a servant girl.

SONORA NEWS.

Our latest private news from Sonora
is of date June 15.

The election for President and Gov-
ernor comes off July 18 ensuing.
Judging from the best information, it
seems certain that Sonora will give
Juarez a majority for President of the
Republic, and re-elect Pesqueira Gov-
ernor of that State. At that time,
June 15, all was quiet throughout the
State, and no fears were expressed of
difficulty on election account.

We are advised from reliable sources
that Sonora may yet feel the bad re-
sults of the decision of the Supreme
Government on the subject of ex-
tradition of criminals, and we are
of that opinion. Certain bad citizens
of Sonora have concluded to play the
game of assassinating Americans on
the United States territory, and the
Supreme Government says that if the
assassins abstain from committing
crimes on Mexican soil, they shall not
even undergo on examination for any
grade or number of crimes perpetrated
elsewhere. We did not think the
Supreme Government of the Republic
of Mexico so stupid, for when our
people have been outraged just about
so much, they will probably play a
thorough hand at the game recom-
mended to the Mexicans by their high-
est authorities. The temper of the
good people of Arizona indicates that
the work may soon begin. If it does,
the Mexican Government will be
responsible therefor, as it has left them
no other remedy for the most flagrant
outrages. It appears as though the
Mexican Republic has forgotten the
strength and bent of our people either
when at peace or war.

Relating to Land Titles.

DEPARTMENT OF THE INTERIOR,
GEN'L LAND OFFICE, May 5, 1871.

The following is an act approved
July 14, 1870, to extend the provisions
of the preemption laws to the Terri-
tory of Colorado, and for other pur-
poses:

Be it enacted by the Senate and
House of Representatives of the
United States of America in Congress
assembled, That the privileges of the
act of May 30, 1862, entitled "An act
to reduce the expenses of the survey and
sale of the public lands in the United
States," be, and the same are hereby
extended to Colorado; and the proviso
of the first section of the act approved
June 2, 1862, entitled "An act to es-
tablish a land office in the Territory
of Colorado, and for other purposes,"
is hereby repealed.

Sec. 2. And be it further enacted,
That nothing in the act of Congress
approved March 27, 1854, entitled
"An act for the relief of settlers on
lands reserved for railroad purposes,"
shall be construed to relieve such
settlers from the obligation to file the
proper notices of their claims, as in
other cases; and all claimants of
preemption rights shall hereafter,
when no shorter period of time is now
prescribed by law, make the proper
proof and payment for the lands
claimed, within eighteen months af-
ter the date prescribed for filing their
declaratory notices shall have expired;
provided, that where said date shall
have elapsed before the passage of
this act, said preemptors shall have
one year after the passage hereof in
which to make such proof and pay-
ment.

This act has been amended as fol-
lows:

Resolved by the Senate and House of
Representatives of the United States
of America in Congress assembled,
That settlers on the public lands of
the United States who have been
required to make proof and payment
for their lands under the act to extend
the provisions of the preemption laws
to the Territory of Colorado, and for
other purposes, approved July 14,
1870, and by instructions from the
General Land Office, under July 30,
1870, shall have twelve months ad-
ditional time given them under which
to make such proof and payment. Ap-
proved March 3, 1871.

These statutes leave the provisions
of the law as heretofore respecting
"offered lands" viz: filing within
thirty days, and payment within
twelve months after settlement.

The settler on surveyed "unoffered
land" must file his or her declara-
tory statement within three months
from the date of his or her settlement
on such land, and, within thirty
months from the expiration of said
three months, make the proper proof,
and pay for such land.

Where settlers had already, filed
before the passage of the act, they are
required to make proof and payment
within two years from such passage;
therefore, all filings made prior to
that date will expire, by limitation of
law, upon unoffered lands, on the 14th
of July, 1872.

The settler on "unsurveyed land"
must file his or her declaratory state-
ment within three months from the
date of the receipt, at the district land
office, of the approved plat of the
township embracing the tract upon
which he or she has settled, and within
thirty months from the expiration of
said three months, make the proper
proof, and pay for such tract.

The proviso of the act of June 2,
1862, requiring filing within six
months from survey in the field, and
providing for filing with the Surveyor
General, is repealed.

The restriction as to construction
of the act of March 27, 1854 is called
to your especial attention. [Relating
to railroad lands, and at present of no
importance in Arizona.—Ed.]

In cases governed by those provi-
sions you will please conform your
action thereto.

WILLIS DRUMMOND,
Commissioner.

JAY COOKE expresses the opinion that
the Northern Pacific Railroad will be
in running order within four years.
He asserts that the company has over
fifty million acres of land which will
sell for more than the amount of bonds
necessary to be issued.

United States Exploring Expedi- tion.

[From Reese River Reveille, June 10.]

A portion of the Wheeler exploring
party, en route for Arizona, passed
through our streets this morning and
encamped at the Summit. This de-
tachment is in command of Surgeon
Cochrane and proceeds from here to
Belmont where it joins the main
division under Lieutenant G. M.
Wheeler of the corps of engineers.

It is expected that they will remain
several days with us, and the geo-
logists of the party, Messrs. Gillett
and Smith, will take a look at the
Austin mines.

A good many citizens will be inter-
ested to learn that the curious one-
wheeled vehicle that accompanies
the train is an odometer and is used to
measure the distance traversed.

The party here includes eight civil-
ian assistants—topographers, geo-
logists, etc.—seven packers and an
escort of seventeen soldiers, with a
pack train of forty mules. The work
they have before them is to survey
and map the unexplored portions of
southern Nevada and northern Ariz-
ona. To accomplish this the latitude
and longitude of prominent points will
be determined by thorough astro-
nomical observations and the intervals
surveyed by experienced topographers.
A portion of the expedition will trav-
erse Death Valley, and a water party
will explore the great canyon of the
Colorado, traveling from Mohave up-
ward instead of floating with the cur-
rent as has been done by some ad-
venturous voyagers. Full attention
will be given to the mineral resources
of the country explored and the report
that will be rendered cannot fail to be
of great interest.

Mr. O'Sullivan, well known to many
of our citizens, a first class photog-
rapher and one of long experience
in the army and in previous exploring
parties, is with the main division, now
at Eureka, and will accompany the
expedition to Arizona to bring back
views of the unrivaled Colorado scen-
ery, now known to the world only
from sketches and descriptions.

Lieutenant Wheeler is already well
known as an energetic explorer, and
is ably seconded at every point. His
outfit provides for every contingency
and is by far the best that has ever
been prepared for the exploration of
the inhospitable country he intends to
examine. He cannot fail to succeed
in making a great addition to the
knowledge of our State and Arizona.

LAND TITLES.

Many of our readers are so much
interested in the manner of procuring
titles to public lands that we have de-
cided to publish from time to time
such reliable information as will be of
service in the matter. This week we
give a very important circular. We
may as well remark that what is
meant by "offered" lands, are such
as have been announced for sale by
order of the President of the United
States, and which may be purchased
at anytime at the Land Offices by
payment of fees in cash, and the price
of the land in warrants or cash.
There are no such lands in Arizona,
all lands herein coming under the de-
scription of "unoffered."

The circular we print to-day, our
readers in any way interested in lands
should preserve for reference.

THE Hon. Richard C. McCormick,
Delegate in Congress from the Terri-
tory of Arizona, is now lying seriously
ill at his mother's house, in Jamaica,

Anthony's fire. He was taken sick
while riding through Central Park.
For a time he was wholly blind, but
he is now recovering his sight.—[N.

AN Exchange says the Chicago
Tribune asks and receives \$22,000 for
a column of advertisements one year.
The business men of Chicago are
keen to pay it. There is one house
in Cincinnati that pays \$4,000 a week.
There are several in New York city,
who pay as high as \$10,000 a month.
Some how these men don't break up;
a liberal advertiser never does.
